

# Dancing *with* God

## *Holston Conference Clergywomen's Gathering '10*

*"You have turned my mourning into dancing; you have taken off my sackcloth and clothed me with joy, so that my soul may praise you and not be silent. O Lord my God, I will give thanks to you."*

*PSALM 30:11-12 (NRSV)*

What an incredible image of life being a dance with God. Whether it's a ballet, a waltz, or a tango there will always be joy. The picture of a young girl learning to dance by standing on her father's feet reflects how one moves through life's joys and trials. As we gather this year, don't forget to put on your dancing shoes so we can celebrate our time together as we learn to dance with God.
